HERSCHELL'S FUNERAL

Last Respects Paid to His Memory at Westminster Abbey.

NAMES OF PALL BEARERS.

Message of Regard Sent by Queen Victoria—Official Robe to Be Buried With the Distinguished English Statesman.

London, March 21.—Funeral services over the remains of the late Baron Herschell, who died at Washington on March 1, took place in Westminster abbey.

A procession of carriages formed at the residence of the deceased, Grosvenor Gardens, to which the body was conveyed on its arrival here from Portsmouth. The procession proceeded to Westminster abbey. There the body was met by the dean, clergy and choir.

The pallbearers were the United States ambassador, Joseph H. Choate; the government leader in the house of commons, Mr. Balfour; the speaker of the house of commons, the Rt. Hon. William Court Gully; the high commissioner of Canada, Baron Strathcona and Mount Royal; the Liberal leader in the house of lords, the Earl of Kimberley; the vice chancellor of the University of London, Sir Henry Enfield Roscoe; the lord high chancellor, the Earl of Halsbury, and the chancellor of the Duchy of Lancaster, Baron James of Hereford.

Lord Churchill, the lord-in-waiting to the queen, represented her majesty, and there were also present representatives of the Prince of Wales and the Duke of York.

The chief mourner was the son of the deceased, Baron Richard Farrer Herschell, who followed the coffin with the members of the family.

Lord Churchill bore the queen's wreath, which was of bay, with an autograph card inscribed: "A mark of sincere regard, From Victoria."

The late Baron Herschell's official robes were placed at the head of the casket and his ribbon and orders were placed at the foot. The remains were accompanied by the clergy and quire up the nave to a space beneath the lantern, where they were deposited with impressive services. A trombone played Beethoven's "Egualo."

At the conclusion of the services, Sir Frederick Bridge, who has been organist of Westminster abbey since 1875, played the dead march from "Saul."

The remains were afterwards removed to Waterloo railroad station and conveyed to Cliffe, Dorsetshire, where they were interred.

SECRETARY ALGER

Has Decided to Maintain Summer Camps in the South.

Washington, March 21.—Secretary Alger has come to the determination to maintain summer camps for the United States troops in the southern states, and the delegation of Georgians who called upon him to secure that object will be so informed.

It is also the intention to maintain one of the camps in the neighborhood of Atlanta. The only condition is that the present Georgia quarantine regulations, which operate so as to prevent the movements of troops absolutely demanded by the military needs of the case shall be adapted to the requirements.

The number of troops to be located at any one camp will not be large, for it is said at the department that only about 15,000 soldiers will be so located, but there is likely to be much changing around among the men. Troops returning from Cuba are to be detained in the Georgia camps about 20 days at least before being sent to their homes or to the northern posts.

To Transfer Hospital.

Savannah, March 21.—Negotiations are pending between the national government and the Savannah city government by the terms of which the city quarantine station may pass under the control of the National Marine hospital service. The mayor is favorably disposed towards the transfer of authority, believing the health of the city would be not less safely guarded and the local taxpayers would be saved \$20,000 a year, the present cost of the quarantine.

Death of Mr. Ming.

Philadelphia, March 21.—Samuel G. King, 83, who was mayor of this city from 1881 to 1884, died at his home here. Mr. King always took an active interest in Democratic politics, and although this city is overwhelmingly Republican, he was elected on the Reform ticket by a large majority.

Berlin, March 21.—Emperor William witnessed practical demonstrations of wireless telegraphy on board the German third-class cruiser Grief at Kiel.

SEARCHING THE RUINS.

Tore Ghastly Discoveries Made at Hotel Windsor Fire.

New York, March 21.—The third body taken out of the ruins of the Hotel Windsor was recovered early in the day. It was found on the Forty-sixth street side of the ruins about 15 feet below the surface and 10 feet from the sidewalk. The body was that of a woman. Only that part of the head from the lower jaw down was still on the neck. The body was very badly mangled.

The fifth body to be recovered was taken out of the ruins on the southwest corner, southward, and in line with the elevator. It was a charred trunk. Opinions differ as to whether it is the body of a man or woman, but it was thought to be the latter.

The remains of another body were found on the Fifth avenue side of the ruins. It consisted of a mass of charred intestines. Beside this mass was a thigh bone, from which all the flesh had been burned.

R. C. Hoffman called at the East Fifty-first street station with a chart of the teeth of his sister, Miss Dora Hoffman of Baltimore, who is supposed to have been lost.

Funeral of Victims.

Chicago, March 21.—The funeral of Mrs. James S. Kirk, one of the victims of the Windsor hotel fire in New York took place from the Kirk residence at Evanston. At the same hour the funeral services of two other victims of the Windsor disaster, Mrs. Isabella Cobb Leland and her daughter, Miss Helen Leland, were held at the Leland residence.

Agonillo Goes to Paris.

London, March 21.—Agonillo, the agent of Aguinaldo, and the members of the former staff of the Filipinos at Washington, have gone to Paris in order to confer with the Filipino junta there. Neither body has received news from the Philippine islands during the past eight days. They say they fear the Americans have discovered and stopped their means of sending news from Manila.

Increased Capital Stock.

St. Louis, March 21.—By a practically unanimous vote of the stockholders of the National Bank of Commerce increased its capitalization from \$3,000,000 to \$5,000,000. The National Bank of Commerce of New York is the only bank in America larger than the St. Louis Bank of Commerce. The New York concern is capitalized at \$5,000,000, but has \$500,000 more surplus.

Express Train Derailed.

Wilkesbarre, Pa., March 21.—The Buffalo express on the Lehigh Valley railroad was derailed at North Wilkesbarre by crashing into an engine which overlapped a switch. The engine of the express was thrown down an embankment and three cars were derailed. The engineer and fireman escaped with a few bruises. The passengers were badly shaken up, but none was seriously injured.

Chicago Millionaire Shot.

Chicago, March 21.—John T. Shayne, the millionaire furrier of this city, was shot three times by H. H. Hammond, a merchant tailor, while the two were dining together at the Auditorium annex. One of the bullets lodged in Mr. Shayne's left shoulder, one in his thigh and the other in his hip. None of them, it is thought, will prove fatal. Hammond was arrested, but he refuses to talk. Domestic troubles are said to be the cause of the shooting.

Three days ago, Mr. Lapiner received a telegram from Sheriff May of Painesville, saying he answered the description of Gerald. Mrs. Lapiner left at once for Ohio and telegraphed that the boy was the long-lost Gerald, for whom the police have been searching the entire country.

The police authorities also received a telegram from the sheriff at Painesville, saying that the child had been identified, and that his supposed abductor was a woman named Ingersoll and a man named Collins, who were under arrest there.

The story of the disappearance of Gerald Lapiner is as dramatic as any similar episode in police annals.

PRESIDENT GOMPERS.

Defines the Position of Organized Labor On Expansion.

Boston, March 21.—Samuel Gompers, president of the American Federation of Labor, was the principal speaker at the peace meeting in Tremont temple, under the auspices of the Good Citizens' Peace society.

Mr. Gompers referred to the position of organized labor on the question of expansion, and said: "If it was right for the founders of this government to fight for free government, it is not now right to fight against it. We are today fighting against the only Asiatic country that has ever made an attempt to establish a republican form of government, and we are today seriously considering taking part in a plan to divide up China, because it will help our trade."

"The organizations of labor recognize that a large standing army is a menace to liberty and foment of trouble between man and man. If peace can not be secured in any other way, the time is coming when federated labor will refuse to make implements that are intended to strike down their fellowmen; when ship builders will refuse to construct vessels of war; when sailors will refuse to navigate ships of war, and when workers will refuse to contribute their labors in any way for the slaughter of their brethren, wherever they may be. There is a treaty being formulated by the union workers of Great Britain and America which will make peace necessary without the intervention of governments. There has never been a conference of workers that has not declared for tranquility and peace."

Going to the Philippines.

Indianapolis, March 21.—United States Senator Albert J. Beveridge, accompanied by his wife, started for the Philippine islands. He expects to be gone three months. The trip will consume one month each way, leaving one month for stay in China and the Philippines. Senator Beveridge said just before leaving that he made up his mind several weeks ago to make this trip. His first intention was to go away without making his destination public, but he reached the conclusion that his going might be misunderstood, so he decided to announce it. As Senator Beveridge is a pronounced expansionist, it is generally thought he will not fail to avail himself of all the information he can gather in his trip on subjects expected to take up much time of the next congress.

Telegraph Franchise Granted.

Berlin, March 21.—In the reichstag Herr Richter, the German Radical leader, asked the government for information on the subject of the negotiations progressing with Cecil Rhodes. The line, he continued, will be constructed at the telegraph company's expense, and will be completed within five years.

MR. RICE ON THE STAND

Maricetta Producer Replies to John E. Archbold's Charge.

MONNETT IS DISAPPOINTED.

Attorney General Announced That He Had Been Unable to Secure Important Witnesses Who Represent Ohio Refineries.

New York, March 21.—The hearing in the case of the State of Ohio ex rel. F. S. Monnett, attorney general, against the Buckeye Pipe Line company of Lima, O., was resumed in the office of Charles Edgar Mills, sitting as special commissioner.

Attorney General Monnett conducted his side of the case. Messrs. Elliott and Kline appeared for the company.

It was expected that the state of Ohio would present representatives of three or four important oil refineries of Ohio to give information as to the alleged arbitrary methods of the Pipe Line company.

Before the proceedings opened Mr. Monnett announced that he had been unable to secure those witnesses, and after a brief re-examination of George Rice he would close his case for the time being. Mr. Monnett explained that he was informed that while the local courts could compel the attendance of his witnesses, they could not punish them if they refused to testify.

The proceedings against the Pipe Line company are to secure an annulment of its charter on the grounds that the company has violated the anti-trust law of Ohio, and that in defiance of the courts it is still a member of the Standard Oil trust.

The purpose of calling Mr. Rice was to allow him to testify in contradiction to the statement made by John D. Archbold that he had attempted to blackmail the Standard Oil company by demanding \$500,000 for his oil properties, which were worth about \$25,000.

Mr. Rice, replying to the attorney general's invitation to make a statement, read from a lengthy manuscript: "It is true," he said, "that in 1886, on their solicitation, I did submit a proposition to sell all of my oil properties—not only my refinery, but production as well—for the sum stated." Mr. Rice quoted from the letters of Mr. Archbold already published to show that the Standard Oil company had his proposition under consideration.

"The Standard company," Mr. Rice said, "by its control of the railroads, has raised the freight rates so that it was impossible for me to carry on business."

"In 1886," he said, "the Baltimore and Ohio and their southwestern connections raised their freight rates on me from 50 to 162 per cent, and none on the Standard Oil trust, which closed up 14 of my agencies out of 24 in five months, and shut me out of over half the towns in which I was doing business."

Alaskan Expeditions.

Washington, March 21.—Captain A. W. Abercrombie of the United States army has left Washington on his third military reconnaissance into Alaska. Captain E. F. Glenn, who has also been directed to make a military reconnaissance into Alaska, will follow him in a few days. The first duty enjoined upon these officers is to proceed to Montana and purchase range ponies, to be used as pack animals. No reindeer will accompany the expeditions. The two expeditions named will be the best equipped of any that have thus far penetrated that colossal domain of ice and snow.

Rush of Homeseekers.

St. Paul, March 21.—The homeseekers' half fare rate on the transcontinental lines went into effect, and the Northern Pacific and Great Northern were compelled to double their facilities in order to handle the crowd. Not less than 5,000 people took advantage of the low rates. The railroad officials report that many of the travelers bought only one-way tickets, which is taken as an indication of an intention to locate permanently in the west.

Don't Believe the Story.

Washington, March 21.—Friends alike of Senators Quay and Penrose in Washington refuse to countenance the report wired from Youngstown, O., that in case of the failure of the Pennsylvania legislature to elect a United States senator to succeed Mr. Quay, Senator Penrose will retire, and the governor of the state will appoint Quay, thus continuing him instead of Mr. Penrose as the only senator from Pennsylvania.

Berlin, March 21.—The Reichstag passed the budget and adjourned until April 11.

INDICATIONS FOR KENTUCKY.—
Rain to-night and Thursday; colder Thursday.

COL. A. W. HAMILTON, of Mt. Sterling, has announced himself as a candidate for the Democratic nomination for Railroad Commissioner. He will likely have a walkover.

FRANKFORT, Ky., March 20.—The friends of James S. Stoll, of Lexington, are instituting a quiet boom for him for the nomination of his party for Governor. Mr. Stoll has been quietly mentioned for some time, but only within the last few days have his friends begun to put organization to his boom, which will make him a strong factor in the race. Mr. Stoll is strong in Central Kentucky, and one of the best known distillers in the State. He already has strong backing in Louisville.

Attorney General Taylor may not have such a "cinch" on the gubernatorial nomination as his friends imagine. Any opposition to him, of course, will line up the Hunter and anti-Hunter factions against each other, and there would be a hot time in the Republican camp in old Kentucky.

THE PUBLIC LEDGER.

It Will Not Be Published For a Week or Ten Days, on Account of an Accident to the Press.

An accident to the press at the Public Ledger office Tuesday has necessitated a temporary suspension of the paper.

Br'er Davis authorizes the BULLETIN to announce that it will be a week or ten days before the Ledger will again appear.

The accident occurred while Tuesday's issue of the paper was being run off, the press being quite badly damaged. The needed repairs have to be obtained from the factory at Westley, R. I. It will be a week or ten days before the press will again be in running order, and the patrons of the Ledger will then receive their paper as usual.

The editor of the BULLETIN regrets to learn of the Ledger's mishap.

Miss Louise Parrish contributed two splendid numbers on the violin, playing with rare skill, and winning encores. Miss Marie Parrish, who was in excellent voice, gave two very pleasing numbers, and responded to two encores."

SPECIAL services will be held afternoon and evening daily during next week at the Central Presbyterian Church. Dr. W. C. Clark, of Augusta, will preach during the meeting. The Y. M. C. A. basket ball team of this city will go to Cincinnati to-morrow where they will play a match game with the Y. M. C. A. team of that city to-morrow evening. The Maysville players have been doing some fine work in their practice lately, and will go down with the determination to duplicate the victory the local base ball club a few years ago won from the Reds. The boys realize of course that they will be at some disadvantage, as they will have a larger room to play in, but they will do their level best, and here's hoping they will win. They will line up as follows:

THE SCALCHI CONCERT.

A Rare Treat in Store For the Music Lovers of This Section Saturday Night.

It is but seldom that we have the pleasure of announcing the appearance in this city of one of the world's most famous singers. On Saturday night, next the world renowned Mme. Sofia Scalchi and her superb company will give an operatic performance at the Washington Opera House.

Following a grand concert program the entire fourth act of Verdi's beautiful opera "Il Trovatore" will be presented in costume with scenery, etc., Scalchi being heard in her most famous role, Azucena, the Gypsy.

While this is the first appearance in this city of Scalchi, her reputation is well known to all lovers of music and no words of publicity are required to sing her praises. No artist of greater reputation either in the dramatic or operatic field is now before the American public. The baritone of the company is none other than Signor Achille Alberti of whom so much has been written by the metropolitan critics the past two years. In him we can expect to find one of the greatest baritones in the world.

Tickets are now on sale at Nelson's.

TRIED TO KILL HERSELF.

A Young Kentucky Widow's Despondency in Chicago—Mrs. Sadie Wood, Formerly of Augusta.

CHICAGO, March 21.—Mrs. Sadie Wood, the young widow from Augusta, Ky., who attempted suicide here several months ago by swallowing morphine, again tried to kill herself in the same manner early this morning at the Alpha Club, where she is employed as a domestic. Grief over her husband's death and despondency over sickness is the supposed cause.

The young woman has wealthy relatives here who offered her a home, but she refused to live with them, saying she would kill herself as soon as an opportunity presented itself.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

EVERLASTINGS.

[On reading "Immortelles and Asphodels."]

The river flows beside the hills
Where friends await your call.
The mistress still of loving hearts,
In cottage and in hall.
For you the ivy as of yore
Trails pleasant in the light,
For you the woodbine's fragrance
Is borne upon the night.

The breath of summer fills the soul,
And grace shall crown your hours,
And fairy birds on whistling wings
Shall greet you 'mid the flowers.
Your "Immortelles" recall again
That dreamy far-off time,
When for you rang out, loud and clear,
Youth's joyous wedding chime.

Yet still supreme, you reign in love,
The heart still has its throne,
And homage is your heritage,
As all are made your own.
No years can dim the kindly face,
Unstained by thought of guile,
Whose trust has crowned a life with faith,
And charmed it with a smile.

The world, dear friend, is still as young,
The trees are still as green;
No winter snows more pure than thou,
Who still to us art queen.
The earth for you shall not be bere,
Nor time add to your care,
As long as those you knew of old,
Your lot still live to share.

How pleasant their with faithful friends
Still clinging at your side,
To gently float with ebbing years
Out with receding tide.
As autumn leaves in golden tints,
Fall softly to their rest,
May you whose life is perfect day
Find future still as blest.

ANOTHER ENTERPRISE.

Maysville Has a Chance to Secure a Big Stove and Range Works, Employing Sixty Skilled Hands.

Maysville has an opportunity of securing a big stove and range works, and it remains to be seen whether our citizens will take hold of the matter.

Mayor Stallcup is in receipt of a letter from the owner of the plant, who is anxious to present a proposition to our citizens, through the Board of Trade.

The owner decided some time ago to move the plant from its present location and enlarge, and it is his intention to give employment to sixty skilled laborers, with a pay-roll of nearly \$1,000 a week.

The letter will be turned over to the Board of Trade.

A factory with the pay-roll named would mean about \$50,000 in wages to be distributed annually, and it is certainly worthy of an effort to secure such an enterprise.

PAINFULLY INJURED.

Joseph Jordan Had Four Ribs Fractured and Was Otherwise Hurt in an Accident Tuesday Afternoon.

Joseph Jordan, colored, met with a very painful accident shortly after noon Tuesday at Alexander Bro's stable.

Joe started to climb up on an omnibus, and was standing on one of the wheels when his foot slipped. In trying to keep from falling he grabbed hold of a sewing machine on top of the 'bus, but that only made matters worse, as the machine toppled over, striking him on the head, and knocking him to the ground. In falling, Joe landed on a piece of timber, fracturing four of his ribs on the left side. He was badly stunned and in addition to the broken ribs was otherwise injured.

Dr. Owens was called and rendered the necessary medical attention. Joe will be laid up for some time as a result of the accident.

The Contemplated Retirement From a Long Business Career.

D. HECHINGER, nominally Hechinger & Co., are going to retire from business. In plain words are going to SELL OUT. Fortunately for the people, this step was not contemplated until after their entire Spring stock (not less than \$40,000 worth) was purchased and is in their house.

It is needless to say a word about the class of goods that will be thrown on the market. It is a patent fact, not only in our midst, but in the commercial world, that few merchants buy the uniformly high class of goods that Hechinger & Co. have always bought.

The Retirement Sale Will Begin April 1st.

It will take until then to arrange our stock for the sale.

Every article in the house will be sold at net cost—no more nor less.

Our readers will most assuredly take advantage of this sale.

It's a Rare Occurrence

that a stock of Clothing, Men's furnishings and Men's and Boys' Footwear of such high character are thrown into a forced sale.

NORTHWESTERN

MUTUAL

Life Insurance Company,
OF MILWAUKEE, WIS.

Largest Purely American Company.

Official statistics show that the Northwestern's COMBINED DEATH AND EXPENSE RATE is much below that of all the other leading companies. The assets are \$128 for every \$100 liability. With such conservative methods of management and such enormous resources, one can readily understand why the Northwestern can and does pay LARGER RETURNS TO THE POLICY-HOLDER. As a perfect guarantee of good faith in this claim, the local representatives of this company have this day deposited in Mitchell, Finch & Co.'s Bank two hundred dollars (\$200), together with records of twenty-five policies held by prominent citizens of Mason County and Kentucky, on men of various ages, and results in no wise different from all Northwestern policies of same kind. It is here by agreed that the said deposit of

\$200

Shall Go to the Washington Fire Co.,

of the City of Maysville, if any Life Insurance Company in the United States will produce in comparison a single policy record of similar kind showing as good results as any one of the policies referred to above. By similar policies we mean policies issued the same year, on same plan, to men of same age, and dividends used in same way. If this challenge be accepted it must be on the following conditions:

First—It must be accepted on or before April 10, 1899.
Second—The statement of the policy furnished by the competing agent must be certified as correct by Actuary and Secretary of the company that issued it, and

Third—The question as to which policy shows the largest amount of dividends, after premium differences have been adjusted, is to be decided by three gentlemen, one to be selected by the agent accepting the challenge, one by the local representative of the Northwestern Life Insurance Company, and they to select the third.

Charley Williams has moved on the Dodson farm. He wants to hire a good strong month hand to hold him sweat this summer.

Nobe Swice has built an addition to his house and bought an incubator. Now let every one of us keep a hawk's eye on the chickens.

Some of the farmers and gardeners have plant-

ed potatoes, peas, onions, lettuce, &c. Sunday morning they were under a beautiful white canvas.

Elder Wiggins, of Muses Mill, came down according to contract to hold his meeting, but thought best under the circumstances to wait a while.

C. C. Degman has been selling right good seed potatoes at 40 cents a bushel. We got some of 'em, and don't know they might grow as big as pumpkins over here.

The smoke went up several days last week from burning tobacco beds in every direction. We have all been raising big crop all winter, but the time has come to pick up the shovel and the hoe.

We are under obligations to Hon. Sam J. Pugh for a package of vici, valosa, &c. Now if he will send us a few bushels of seed "taters" we will be ever so thankful.

Charley Crawford and wife will occupy rooms with Mrs. Mattie Davis while building his new house. James Fannen has moved into his own house vacated by Mr. Crawford, and John Lyons has taken possession of the Samuel Sweet farm.

Mr. Middleton, candidate for matrimony, passed up Bullcreek the other day. He was taken suddenly ill and called at Mr. Golden's for aid. The good women after having the wits nearly scared out of them administered a few doses of buttermilk, and he went on towards the State of Lewis.

Rev. T. J. Bowman, the pastor, preached at Plumville last Sunday morning and night. His subject for the morning was "Christ the Only Foundation;" at night he preached from the text, "Fear Not, little Flock." Brother Bowman is a forcible speaker and is drawing large congregations. We predict a bright future for the Plumville Church, as everything seems to be moving off nicely. Hon. James N. Kehoe has agreed to take the old fence that surrounds the church and burying-ground and furnish woven wire to replace it, which will be done at once. A cordial invitation is extended to all interested to meet at the church next Sunday at 10 o'clock to organize the Sunday school. Let everybody come and give it a good start, and don't forget the Sunday night prayer meeting. The new church will be dedicated on the fifth Sunday in April. It is expected that the Rev. Mr. Burnett of the Ohio conference will preach the dedication sermon, assisted by the pastor and others.

The Mill Creek Church has employed Rev. John Jones, of Lexington Bible College, to preach for them this year, every first and third Sundays, morning and night. Let every one come out and make these meetings a success.

The two most critical times in a woman's life are the times which make the girl a woman, and the woman a mother. At these times, Dr. Pierce's Favorite Prescription is of incalculable value. It strengthens and invigorates the organs distinctly feminine, promotes regularity of the functions, allays irritation and inflammation, checks unnatural, exhausting drains, and puts the whole delicate organism into perfect condition. Almost all the ills of womanhood are traceable to some form of what is known as "female complaint." There are not three cases in a hundred of woman's peculiar diseases that Dr. Pierce's Favorite Prescription will not cure.
